

FUV650

FARM UTILITY VEHICLE

tough, strong and reliable

Introducing the **FUV650**, a side-by-side two person vehicle with serious off-road ability combined with a generous 14.5 cubic foot tipping cargo bed and carrying capability.

An impressive 31hp twin cylinder 650cc petrol engine, hydraulic tipper, tow bar and 3000lb remote controlled winch are all standard features. The **FUV650**'s light design, solid engineering and automotive type controls make it an easy to use vehicle in all off-road environments.

The **FUV650** is a reliable workhorse and ideal for equestrian yard and paddock use, market gardeners

and landscapers, farm management and land owners. It is extremely versatile and its off-road capabilities make the **FUV650** an ideal choice for game keepers and clay pigeon shoots but its smart looks and tipping bed make it equally at home in the garden centre or on the golf course.

650cc farm utility vehicle
